INTRODUCTORY

The aim of this work is to give a complete and accurate index to the public and private educational system of the United States. The information has been thoroughly revised to date, and before final printing of the book, proofs submitted to the various school officials for final revision and correction.

In the main *Geographical Classification*, in addition to the public school officials, will be found a complete list of all schools and colleges, together with information as to the kind of school, class of students admitted, religious denomination, year established, and the name of the governing head of the institution. A second complete list of all institutions is given in the *Classified Directory* in which the schools are arranged alphabetically by states, classified according to the kind of school, giving a ready reference or complete list of any particular class of institution, together with the names of the executive officers. A complete *Alphabetical Index* of all schools and colleges will be found at the back of the book from which any institution may be instantly located.

The *Public School System* is fully covered by lists of the state educational officials and county superintendents of schools, the city boards of education, city superintendents, public high schools and principals, and the directors and supervisors of special subjects. A list of the more prominent *Libraries* with the name of the librarian and number of bound volumes, is included in the present volume. An *Educational Business Directory* is also given, which will be found

of much value to the school executive as a convenient and ready reference list of reliable manufacturers and dealers supplying every known need of the school and college.

It is believed the work will be found of value to every one in any way associated with educational institutions, or engaged in educational work. Acknowledgment is made to the various State and City Superintendents of public instruction, private school officials, librarians and others for their kind co-operation and assistance in furnishing data and information necessary for the completion of the volume. While no labor has been spared in the effort to have the work as accurate as possible at the time of going to press, continual changes necessarily preclude absolute accuracy.

School officials, librarians and others will confer a favor by notifying us of changes, and by calling our attention to any inaccuracies or omissions in any department of the work.

THE PUBLISHERS.

CONTENTS

SCHOOL TEXT-BOOK COMMISSION

Public school text-books are required by state law to be furnished free by the several towns. There is no State Text-Book Commission and no state uniformity of text-books.

STATE TEACHERS' ASSOCIATION

ROLAND E. STEARNS, <i>President</i>	Prin. Lincoln Junior High, Portland
ADELBERT W. GORDON, <i>Secretary</i>	Augusta

COUNTY SUPERINTENDENTS OF SCHOOLS

Maine has no county superintendents of schools, but has what is known as the "Union Systems" of school supervision. The towns and cities of the state, of which there are 517, are combined into groups by the State Commissioner of Education, and the members of the school committees of the towns in these groups elect one person to serve as superintendent of schools of the group or union, devoting his whole time to that work. The only exception to this arrangement is in the case of towns or cities having more than seventy-five teachers. These are allowed to elect a Superintendent of Schools to serve that town or city alone.

PUBLIC, PRIVATE AND ENDOWED SCHOOLS AND COLLEGES

Alfred, York Co., pop. 890.

SUPERINTENDENTS OF SCHOOLS

Vermont has the town system of schools. The schools of the state are chiefly under the direction of superintendents who give their full time to this work. Any town or city may elect a town superintendent or may combine with other towns in a supervisory district. The superintendents of these districts are elected by the local directors subject to approval by the State Board of Education.

PUBLIC, PRIVATE AND ENDOWED SCHOOLS AND COLLEGES

Alburg, Grand Isle Co., pop. 1,607.

NORTH CENTRAL COLLEGE is a liberal arts college, Christian, but not sectarian. It has the highest rating from the University of Illinois, the North Central Association of Colleges, and the Association of American Universities. It enrolls approximately 500 students from twenty states and several foreign countries. It is ideally located at Naperville, Illinois, on the Burlington Railroad and U.S. Route 34 and Illinois 65, twenty-five miles west of Chicago. Its equipment is superior: a million-dollar endowment, 50 acres of campus and playing fields, fine library, well-equipped science hall, beautiful and commodious chapel-music building, attractive dormitories, and one of the finest physical education buildings in the middle west.

North Central offers a standard B.A. course with majors in twenty departments; semi-professional four-year courses in Commerce and Physical Education; courses for Teachers, entitling graduates to certificates in Illinois and other states; pre-professional, two to four-year courses of high grade in Medicine, Dentistry, Law, Theology, and Engineering, entitling students to a B.A. degree after three years at North Central and one year at the professional school, thus saving one year; standard courses in Music, leading to degrees of Bachelor of Music and Bachelor of Music Education.

Expenses are exceptionally moderate. There are scholarships for first honor graduates of high schools, ministers and ministers' children, and children of World War veterans.

North Central welcomes especially students of superior ability.

ADDRESS: EDWARD EVERETT RALL, PRESIDENT

NORTH CENTRAL COLLEGE

Naperville, Illinois

Heidelberg College

Christian - Non-Sectarian

CHARLES ERVINE MILLER, *President*

Tiffin, Ohio

Founded - 1850

A COLLEGE OF LIBERAL ARTS AND SCIENCES CO-EDUCATIONAL
CONSERVATORY OF MUSIC

The Department of Education at Heidelberg College is approved by the Department of Public Instruction of the State of Ohio for the training of high school teachers and for supervisors of public school music.

On the approved list of the following educational organizations:

North-Central Association of Colleges and Secondary Schools. American Association of University Women. Association of American Universities. Ohio Athletic Conference. Ohio College Association.

Tiffin, the county seat of Seneca county, has a population of 16,000, and is favorably situated in the heart of a district of country healthful in climate, rich in agricultural and mineral resources, and picturesque in landscape. The people of Tiffin are noted for their culture and refinement and for their interest in educational, philanthropic and religious work, forty-three mi. from Toledo, ninety mi. from Columbus, and ninety-two mi. from Cleveland. It is conveniently reached by the B. & O., the Big Four and the Penna. railroads and is served by several bus lines.

Catalog and illustrative material free on request.

ASHLAND COLLEGE

Ashland, Ohio

Coeducational Founded 1878
Frankly Christian but not Sectarian

The Ashland Plan: Ashland College correlates its class work with industrial, professional, and social institutions. Students are required to spend part time in affiliated organizations. College instruction is individualized and is fitted to the needs of the student.

Faculty: Young, university-trained, scholarly, sympathetic, friendly.

Curricula: Liberal arts, divinity, education—elementary and secondary, music, pre-professional.

Atmosphere: Thoroughly Christian, conservative in viewpoint.

Recognition: Member of Ohio College Association, Association of American Colleges, Ohio Athletic Conference. Membership North Central Association of Colleges and Secondary Schools, pending. Accredited by The Department of Public Instruction of Ohio.

For full particulars
Address the President,

CHARLES LEROY ANSPACH, PH.D.

MANCHESTER COLLEGE

A Standard College: State Accredited; Member of the North Central Association. **A College of Liberal Arts:** Departments of Education, Music, Commerce, etc. A training school for teachers of high school and grades. A strong faculty of forty members; An enrollment of six hundred students. An ideal location; a wholesome environment; good buildings and accommodations. Kansas City - Western Dental College

Founded 1881

KANSAS CITY, MISSOURI

Accredited by the Dental Educational
Council of America

Facilities: New fireproof building, adequate for our large student body; modern equipment in all departments.

Faculty: The members of the faculty have been selected carefully from the dental and medical professions for their unusual teaching ability and reputation in their chosen field.

Hospitals: General, St. Luke's and Mercy Hospitals receive dental students regularly for instruction, and General Hospital and Lowry Dental Clinic offer internships to current year graduates in dentistry.

Admission: Not less than sixty semester hours from an accredited university or college, which includes English, Chemistry and Biology.

Clinical Advantages: The fifty-five years of operation have established a substantial clinic, giving advantages to students in the practical application of all phases of dentistry.

Annual Bulletin will be sent upon request.

R. J. Rinehart, D.D.S., F.A.C.D., Dean

ART IN INDUSTRY

Some years ago, demand for an artist's skill was confined chiefly to portrait and landscape paintings. Few artists achieved financial success.

That is not true today. Advertisers, magazines, newspapers and publishers spend millions yearly for illustrations. Industry, realizing that design and color influence sales, employs artists to design many of its products. The demand for artistic skill has increased many fold because of public demand that merchandise be not only serviceable, but also good looking.

The Federal Schools, affiliated with a large art, engraving and printing organization, has trained many young artists now capable of earning from \$1000 to \$5000 yearly as designers or illustrators. Its Home Study courses in Commercial Art, Illustrating and Cartooning contain exclusive illustrated lessons by many famous artists. Practical instruction by experienced men is the reason for its many years of outstanding success. Courses sold on easy monthly payments.

Free Drawing Ability Test sent on request. Also book describing the training and outlining opportunities in the art field.

DREAMS, ambitions, beget careers. The stenographer dreams of secretaryship—the shipping clerk of traffic management—the bookkeeper of C. P. A. success—the salesman of being a sales manager—the machinist of becoming works manager—the typist of court reporting—the department head of a general managership—

And all such dreams La Salle home-study training has already helped close to a million men and women realize . . . as they could not have done in any other way! For thirty consecutive years, La Salle has specialized in thus equipping ambitious adults, in their spare time, to win success in higher business vocations.

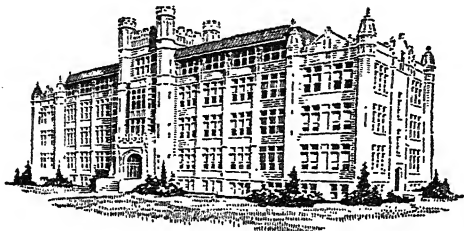

Today, the name "La Salle" is linked with many impressive proofs of training leadership. To its credit are nearly ten per cent of all C. P. A.'s and degree-holders in the United States and Canada—lawyers in practice in every state—thousands of successful accountants, credit managers, salesmen, foremen, correspondents, office managers, traffic managers, and stenotypists—students through the U. S. and Canada, and in 67 other countries . . . literally, a worldwide record of training achievement!

To the ambitious man or woman "in a rut" anywhere, La Salle offers expert guidance towards finer goals, larger earning power. Training is complete, the investment small, the results of lifetime value.

Literature on any La Salle Training subject will be gladly sent on inquiry — without obligation.

LASALLE EXTENSION ~ Chicago

*"The
World's
Largest
Educational
Institution"*

EDUCATIONAL DIAGNOSIS *and* TREATMENT

Suppose a child is maladjusted to the regular, traditional, academic school program. The school psychologist, and educational and vocational counsellors, agree that the child needs the core curriculum, plus certain individual courses. Suppose the school system does not provide such instruction? *Should the counsellors advise a different course of study?*

This is no problem to those school systems that use the I. C. S. High School Cooperative, or Benton Harbor, Plan[®] of Supervised Correspondence Study, now in its fourteenth year of successful operation.

Any school under this plan can start with one pupil as well as a group. It is simple and flexible. Any of the hundreds of I. C. S. courses, prepared by leading authorities, is available for use by one or any number of pupils. A member of your local school staff supervises the entire operation of the plan. Texts are furnished by I. C. S. Expert instruction, relieving the supervisor of all details, is provided by I. C. S. Our contact with the student is maintained only through this local supervisor. Thus the education of the student is always under the control of local school authorities. The per pupil cost under this plan is surprisingly moderate, and many schools report actual savings.

Over 400 courses, including some 1800 different subjects, are available to help your school system meet individual pupil needs for courses.

Complete information on the I. C. S.-High School Cooperative Plan of Supervised Correspondence Study, and comments on it by prominent educators will be furnished you upon request. When you ask for this information you incur no obligation.

ACOUSTICAL CORRECTION

Burgess Laboratories, Inc., C. F.,
111 W. Monroe St., Chicago

ADDING AND CALCULATING MACHINES

These machines may be divided into three general classes. (a) Listing, which provide a printed record of items and totals. (b) Nonlisting, which give only totals and do not print. (c) Computing, which are nonlisting and which are used for high speed calculating.

Rurrourgs Adding Machine Co.
Detroit, Mich.

Felt & Tarrant Mfg. Co.

1713 N. Paulina St., Chicago, Ill.

Remington Rand Business Service, Inc.,
465 Washington St., Buffalo, N. Y.

ADDRESSING MACHINES

These machines are manufactured in two general types, (a) Those making impressions by means of fibre or tissue stencils. (b) Those printing from type, including the machines using metal plates on which the characters are embossed. Either can be had in hand operated, or motor driven. Their special usefulness to schools arises with permanent mailing lists, such as the alumni, catalogue mailings, form letters and the like. The addresses may be imprinted on letters, envelopes, catalogue or magazine wrappers.

Addressograph Co.
35 E. Wacker Drive, Chicago

Elliott Addressing Machine Co.
Cambridge, Mass.

ADVERTISING AGENCIES, SCHOOL

Some agencies render a special service to educational institutions, and maintain departments in charge of specialists who devote their entire time to the placing of advertising for schools, colleges, and summer camps.

Ayer & Son, N. W.

300 Chestnut St., Philadelphia, Pa.

Beebe Advertising Agency, Inc.

Times Square Bldg., New York City

Frank & Co., Albert

26 Beaver St., New York

AGRICULTURAL APPARATUS

Courses in agriculture are being given in many secondary schools, as well as in the colleges and universities. Extension work has had much to do with creating an added interest in the scientific aspects of agriculture. The apparatus used covers work in animal husbandry, pomology, dairying, horticulture, soil analysis, etc. See, also, Laboratory, Apparatus; also, Laboratory Furniture.

Schwartz Sectional System,
Indianapolis, Ind.

Welch Manufacturing Co., W. M.
1515 Sedgwick St., Chicago

AIR MOISTENERS AND HUMIDIFIERS

These devices used to increase the amount of moisture in the air vary from containers of water which evaporates into the air in the room, to elaborate mechanical plants. Air with the correct humidity for the temperature of the room is not only more comfortable for the occupants, but provides greater health protection.

ARCHERY SUPPLIES

Archery is becoming more and more prominent as a sport in the schools. The fine physical advantages obtained plus the low cost of installation and upkeep, make this sport very popular with all types of schools. Bows, arrows, targets, quivers, armguards and finger tips may be procured from concerns listed.

ARCHITECTS, SCHOOL

School boards and trustees of educational institutions in planning for the construction of new buildings, should seek the services of architects who are specialists in school planning. These architects specialize in the design, structural, heating, ventilating and lighting of school buildings.

BELTS AND BELTING

Belts are usually made of leather tanned by oak bark. Raw hide is sometimes used, and is of considerable strength. Cotton belting has the advantage of being cheaper and stronger than leather. Chain belting consists of lengths of leather strung together on wire pins which are not bent as the belt passes over the pulley.

Allen Manufacturing Co., W. D.,
566 W. Lake St., Chicago.

BENCHES, MANUAL TRAINING

These should be of the most sturdy construction and rigid throughout in order to withstand the hard usage they will receive in the school shop.

BLACKBOARDS

The schoolroom blackboard should be easy to write on, easily read from and easy to clean. The writing surface should be uniform in color, smooth and non-porous. See, Blackboards, Composition; also, Blackboards, Slate.

BLACKBOARDS—Composition

These boards are made up of paper, wood, gypsum, or some other composition as the base, and are then coated with a material that will produce a suitable writing surface.

Beaver Board Companies

989 Beaver Rd., Buffalo, N. Y.

Syracuse, N. Y. Stockton, Calif.

BOOKPLATES

A label, impression, or inscription, showing the name or monogram of the owner of the particular book and frequently adorned with artistic embellishments, besides showing the owner's arms or heraldic device. They are generally pasted just inside the front board or cover of the book.

Handicraft Co.,
Minneapolis, Minn.

BOOKS

School boards and teachers are convinced of the advisability of providing for pupils' supplementary reading, and the number of adequate school libraries is constantly increasing. New books must be added to these libraries regularly if they are to be popular with the children. Boys and girls should be encouraged to think of books as part of the joy of life, and reading in no sense a duty.

BUILDING DIRECTORIES, CHANGEABLE

A large changeable bulletin board used in school buildings of the larger type where it is necessary or desirable to have some method of directing visitors to executive offices, classrooms, libraries, museums, or individuals.

Tablet and Ticket Co., The,
Chicago, New York, San Francisco.
See announcement on page 997

BULLETIN BOARDS

Notices displayed on a bulletin board will often receive attention where important verbal announcements sometimes fall on inattentive ears. See, Bulletin Boards, Changeable; also, Bulletin Boards, Cork.

Winters Specialty Co., H. E.,
Davenport, Iowa
See announcement on page 961

BULLETIN BOARDS, CHANGEABLE

These boards are being made in several different types. In one type the letters, which are die cut, can be had in various sizes and colors and these letters are held on to the board by tabs which fit into slots. Another type uses letters which are printed on individual cards and which fit into slides in the board. Their usefulness lies in the ease with which bulletins may be changed or altered at will.

Tablet and Ticket Co., The,
Chicago, New York, San Francisco.

CARD INDEX SYSTEMS

Card indexes are used in schools for records of all kinds for the student, library, laboratory, and office. Just what system will be found preferable for each use will depend to a considerable extent on the information required and the size of the card used, as well as the amount of usage the file will receive. Where constant and frequent reference is required, a visible system may often be used. See, also Filing Equipment.

DENTAL EQUIPMENT

The care of the teeth of the student is a very important means of caring for the health of the child. Schools are requiring periodic examinations of the teeth of all pupils, and in many instances caring for the needed work through a staff dentist.

Betz Co., Frank S.,
Hammond, Ind.

DEODORANTS

Only materials that actually destroy and remove foul odors may be properly termed deodorants. Products that merely cover one odor with another that is stronger are neither practical, efficient, nor economical.

International Chemical Company,
3130 S. Canal St., Chicago

DEODORIZERS

This equipment is a means of destroying bad odors in a room or building. Some of the types actually spray a deodorizing chemical into the air, while others allow the material to evaporate and mix with the air in the room. They are especially valuable in large school assembly rooms where there is danger of the air becoming stale.

Holcomb Mfg. Co., J. I.,
Indianapolis, Ind.
Huntington Laboratories, Inc.,
Huntington, Ind.

DESK NAME PLATES

These are made in the form of a small easel of metal, glass, wood or composition, with the name of the individual cast or painted on the board, or as in some types, with paper letters which can be changed.

217 W. Grand Ave., Chicago, Ill.
See announcement on page 985

DESKS

The school desk or chair plays an important part in the shaping of the physical body during the formative stage of school life. A comfortable position for both teacher and pupil must be the background for all sustained mental effort. See, Desks, Pupils; also, Desks, Movable Chair; also, Desks, Teachers.

Yawman and Erbe Mfg. Co.,
1099 Jay St., Rochester, N. Y.
See announcement on page 973

DESKS, PUPILS

School seats and desks for the pupil should be constructed in such manner as will be most conducive to the comfort and health of the occupant, permitting of an easy and natural writing or study position for the child. In addition they should be both durable and sanitary. Various types and styles are offered by the different manufacturers. See, also, Desks, Movable Chair.

DESKS, MOVABLE CHAIR

The movable chair desk allows for a natural posture, and eliminates the necessity for twisting in the seat or facing the light. Through unlimited flexibility they also make possible the most advantageous and the greatest variety of class arrangements, and varied groupings around the teacher.

Welch Manufacturing Co., W. M.,
1515 Sedgwick St., Chicago

DESKS, TEACHERS

The classroom desk for teachers should be specially manufactured of a type to meet special needs for efficiency and appearance. It should be of sufficient size to allow plenty of room for work, and with ample drawer space for text and reference books.

DORMITORY FURNISHINGS

The furnishings of a dormitory include beds, chairs, chiffoniers, study tables, rugs and draperies. Where the sleeping quarters are separate from the study rooms, the beds are usually double decked. Lockers may be provided in lieu of closets and chiffoniers.

DRAWING BOARDS AND TABLES

Drawing boards should be so constructed as to eliminate any possibility of warping out of square. Some boards are unmounted which may be used any place, while others are mounted in some manner. The mounted boards may be arranged so as to be folding or stationary. The stationary boards are made with iron or wood pedestals, and in some cases are provided with drawer space to take care of instruments, paper, and other materials.

POSITIVE CONTROL **NORTON** DOOR CLOSERS

Because so much importance is attached to orderly, quiet, trouble free control of doors, educational institutions should have the most efficient closers.

The Norton positive control assures no surge, slam or jar—the Rack and Pinion principle engineers perfect control and silent closing where desired.

The Norton lubricating system is guaranteed against leakage. The Norton packing nut (an exclusive feature) permits the use of mineral oil, the correct lubricant for working parts.

Norton Positive Control reduces strain on hinges and doors—a decided saving in time and labor.

GUARANTEE—Norton Door Closers are guaranteed.

SERVICE—Norton engineers and designers offer their recommendations without obligation.

DRINKING CUPS, SANITARY

The day of the common drinking cup is gone with many other unhygienic practices of yesterday. Schools are providing paper cups for the students. Dispensing machines which allow only one cup to come out at a time, are used. They are also being used in the dining halls and school cafeterias for serving beverages.

EASTMAN CLASSROOM FILMS

*Now used by school systems in thirty foreign countries
as well as in the United States*

The teaching value of Eastman Classroom Films is clearly indicated by the fact that they are now being used not only in the United States but in thirty foreign countries as well.

About one hundred films are now ready on topics of General Science, Geography and Health, and many more are in preparation. Others are scheduled for early production, in accordance with a carefully worked-out plan to cover comprehensively all topics that lend themselves to treatment by the motion picture.

Send for your copy of "A New Descriptive List of Eastman Classroom Films."

Light Up the Football and Athletic Field

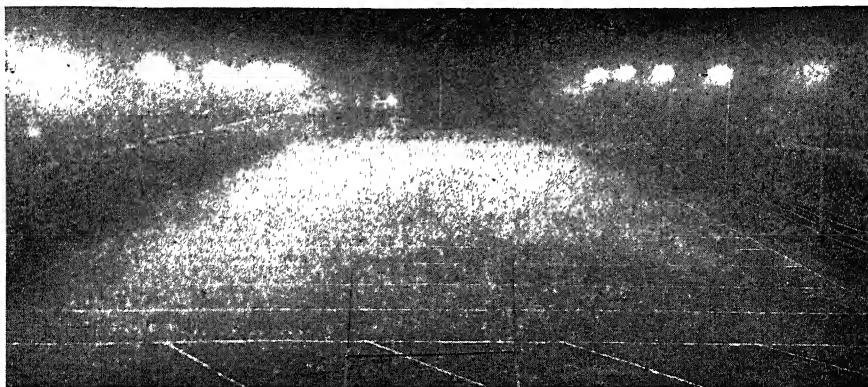

*The Benjamin
Elliptical Angle
Reflector*

*The Benjamin
Concentrating Type
High Mounting Unit*

With Benjamin Outdoor Lighting Equipment

Other Recreational Areas

*The Benjamin
Duo-Service
Floodlight*

Benjamin fixtures developed for outdoor lighting are the Duo-Service Floodlight and the Diffusing Floodlight.

There is Benjamin equipment available for other outdoor recreational areas, such as skating rinks, hockey rinks, quoits, outdoor swimming pools, archery ranges, etc. Among the Ben-

jamin fixtures developed for outdoor lighting are the Duo-Service Floodlight and the Diffusing Floodlight.

Schoolrooms

*The Benjamin
"Type 79"
Glassteel Diffuser*
beautifully designed

For the interior lighting of schoolrooms, the Benjamin "Type 79" Glassteel Diffuser is admirably adapted. It provides excellent distribution of light for general illumination, and is and constructed.

Night photo of the Asbland College athletic field, Asbland, Ohio, lighted with Benjamin Concentrating Type High Mounting Units. Notice remarkably uniform level of illumination throughout the playing area.

LIKE miniature golf, tennis, baseball, etc., high school football has entered the realm of nighttime sports, and now parents, too, can attend the games.

Philosophically, this development in high school athletic games means more enjoyment for more people, since the leisure hours of most adults are confined to the evening.

Installation of equipment is merely a matter of days. The cost of current is negligible, and Benjamin equipment pays for itself in a short time by the increased attendance.

Benjamin equipment meets the needs of the various types of athletic fields. Write for data sheets.

Request also a copy of "Lighting of Night Football Playing Fields," by Russell L. Guin, principal of the Westville, Ill., high school.

FENCES, SCHOOL

In addition to added property protection and ornamentation, fencing the school yard and playground will be found a wise precaution for safeguarding school children. A substantial fence and gates keep the children within bounds, bar intruders at all times, control admission, and lessen the burden of supervision. Special fences are likewise essential for the tennis court, campus, and athletic field.

FLOOR FINISHES

Routine scrubbing may be eliminated by the use of proper finishes. Selection should be made on the basis of subsequent maintenance cost; the appearance of the floor and the preservation of the floor.

International Chemical Company,
3130 S. Canal St., Chicago

Lincoln-Schluter Floor Mach'y Co., Inc.

217 W. Grand Ave., Chicago, Ill.

Von Duprin

Self-Releasing

Fire and Panic Exit Latches

VON DUPRIN Self-Releasing Fire and Panic Exit Latches are so simple in design, so sturdily built, so dependable in operation that they have become standard equipment on the school house doors of most of the larger American cities and many of the smaller ones.

Their high quality and reliability gives them such freedom from trouble and from servicing expense that their cost per year is surprisingly low.

The
LINCOLN
Multi-Purpose

The ONLY FLOOR MACHINE

That Sands
•
Steelwools
•
Polishes

Use it
for 5 Days
AT OUR RISK

Especially Designed for Schools

If you have not seen the new Lincoln-Schlueter Multi-Purpose Floor Machine in operation, you can do so at our expense. Then, you will realize why hundreds of Schools are using this ALL-PURPOSE Machine. The day the Multi-Purpose enters your school, floor maintenance routine becomes smoother, easier and more economical. It works right up to the quarter-round. Vacuum Dust Collector picks up all dust, dirt and steelwool—eliminating expensive hand labor. Operates from any convenient outlet. Polishes wood, linoleum, tile and every other type of school floor perfectly, the first time over.

The LINCOLN TWIN-DISC FLOOR MACHINE

Available
in 12 Sizes

Food Supplies for Educational Institutions

The institutional buyer demanding value insists that to have value quality must be maintained. This uncompromising attitude has resulted in careful and scientific analyses. It has developed a fine appreciation of the economy of better foods. Better foods mean increased efficiency and more satisfied guests and pupils.

Fifty years of specialized service in the supply of Hotels, Restaurants and Institutions has enabled us to know something of the problem confronting institutional buyers. Out of this knowledge and cooperation, we have evolved an assortment of foods particularly suited to their individual requirements. Our Edelweiss label has become the symbol of fine foods economically packed.

Sexton special quotations are mailed each month to the institutions of America and offer the very latest values on merchandising suitable to the particular requirements of the exacting clientele serviced by Sexton. Wherever close and intelligent buying prevails, our prices are received with interest. Please write us if you are not receiving them.

COFFEE IMPORTERS, BLENDERS AND ROASTERS

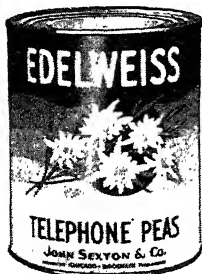

Quality Since 1883

John Sexton & Company

America's Largest Distributors of No. 10 Canned Foods

P. O. BOX-JS, CHICAGO

66 IMLAY ST., BROOKLYN

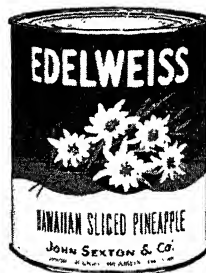

If you went into the finest garden and selected the vegetables to serve your pupils you could find no better than those which come to you packed under the Edelweiss label. Each vegetable distributed by Sexton is selected where soil and climate are best suited to its perfect production. Picked at just the right time, and packed on the spot, they reach you retaining all the vitamin value, full flavor and succulence of the fresh vegetable.

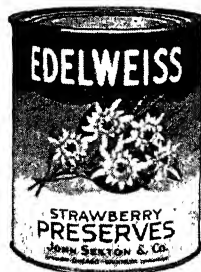

All of Sexton's Canned Fruits are equally delicious. All are allowed to completely ripen in the sun before being picked. Each fruit is obtained from the locality where it grows best—and then only the choice of the crop is taken. Packed in No. 10 tins, the container most economical for school cafeteria use.

Delicious Edelweiss preserves, jellies, marmalades and fruit butters, made in Sexton's Sunshine Kitchens, are of excellent quality because the materials from which they are made—selected fruits and cane sugar—are the finest obtainable. They are made with great care, in small quantities, giving them the beautiful color and the delicious appeal of home made preserves. In our Sunshine Kitchens we also prepare a complete assortment of pickles, relishes and condiments of quality. Edelweiss quality mayonnaise dressing, catsup, mustard and chili sauce packed in handy gallon glass bottles.

Among other Edelweiss Foods particularly popular with school cafeterias are: Individual tea, cocoa, gelatine dessert, chocolate pudding, peanut butter, macaroni, spaghetti, canned fish, paper napkins and paper specialties, Edelweiss No. 10 cans soups, dried fruits and tapioca.

If one of our representatives has not called on you please write us.

LATHES

Lathes for school shops are of two types; those for metal working and those used in the woodworking courses. The metal-working lathes used by schools include the speed lathe, the engine lathe, and the turret lathe. The engine lathe is probably the most used since all work such as turning and screw cutting is done on it. The turret lathe which is used for multiple operation work will be found only in schools teaching advanced machine shop courses. The speed lathe is used almost exclusively for small operations such as polishing, etc.

MICROSCOPES

Microscopes for school work have considerable variance in quality and precision depending entirely upon the work for

which they are to be used. They can be secured having a magnifying power from thirty or less diameters up to a thousand diameters. In the simple microscope a single convex lens, between the eye and the object, forms an enlarged image. In the compound microscope an object glass or objective, near the object, forms a real image, which is viewed by the observer through a magnifying eyepiece. Either objective or eyepiece, or both, may be composed of more than one lens.

PARTITIONS, ROLLING AND SLIDING

Partitions facilitate the division of a large room into two or more compartments, thereby eliminating the distraction caused by several groups meeting in different corners of the same room. The rolling partition consists of small segments of wood or steel; when closed, it rolls up and is concealed in the wall or ceiling, as is also the sliding partition.

PHOTO-MURALS

For Unique Wall Decoration

The science and art of photography have created a new, beautiful and practical form of wall ornamentation that is particularly adaptable for the decoration of schools and colleges.

Anything that can be photographed can be made the subject of a photo-mural—exterior and panoramic views of your buildings and grounds, original drawings, old prints, etc.

Photo-mural decoration brings to you a new medium of interior decoration, available in sepia or hand colored in oils, that creates atmosphere and will harmonize with your established decorative scheme.

Photo-murals make admirable
and artistic memorials of dis-
tinguished service. Suggest them
to your friends and alumni.

The Copley Prints

are particularly adaptable to this
type of decoration such as Ab-
bey's Holy Grail, symbolizing
the never-ending crusade of
civilization for the Triumph
of Right over Evil.

PRINTING OUTFITS—SCHOOL

The teaching of printing in schools as part of their vocational work has met with much favor. In addition to its vocational value, printing teaches the use of punctuation marks, the making of proper margins, the use of good English, correct spelling, capitalization, and indentation in an accurate manner. School printing outfits are designed for the smallest schools to largest universities.

PROJECTION LANTERNS

Apparatus for projecting upon a white screen enlarged representations of diagrams, pictures, etc., drawn or photographed on glass slides. They are a modified stereopticon in which an apparatus is introduced in front of the condensing lenses and a powerful arc lamp used. To project microscopic objects, a microscope objective is placed in the axis of the rays

TRADE INDEX

of the condensing lenses and the image of the object is focused directly on the screen. To project spectra, a diamond prism is placed in front of the object lens. See also, Stereopticons; also, Motion Picture Machines.

PUBLIC ADDRESS SYSTEMS

Large indoor and outdoor audiences frequently require a public address system in order that they may hear distinctly and plainly every event on the program. In stadiums, parks, and athletic fields, these systems are used to report results, make announcements, and entertain. Proper systems can also be installed in halls and auditoriums to correct accoustical difficulties.

RADIO DISTRIBUTION SYSTEMS

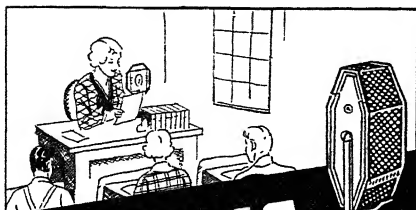

A centralized Radio System enables a school to take advantage of the educational wealth offered in radio programs. Valuable and interesting subjects can be brought to the school by this medium. These systems are not confined to radio programs, but may also be adapted to other uses.

PUBLIC ADDRESS SCHOOL

Public Address is playing an increasingly vital part in education today. Its valuable uses — for assemblies, relaying messages, overflow crowds, sporting events, alarms, etc., make it practically a necessity in every modern school. ALLIED RADIO maintains a large, well-trained staff of sound engineers whose wide range of experience qualifies them to cope with any sound problem. We treat each project as an individual case. We invite you to submit your public address specifications to our Sound Engineering Division for helpful advice and low cost estimates without any obligation on your part. What we did for the Jackson, Ohio, High School, (The Nation's Schools, March 1936) and for hundreds of others, we can do for you. If you are contemplating a new system or renovating your old, send for the FREE new Spring and Summer ALLIED Catalog. The Public Address section with its budget-minded prices is particularly valuable and illuminating.

Radio Laboratory Equipment

Our past successful experience has taught us exactly what radio items are needed in the well-equipped classroom and laboratory. As Radio Supply Headquarters we feature a complete line of radio text books, oscillographs, test equipment, batteries, radio relays—everything for the modern, up-to-date laboratory at the lowest prices. It will pay you to keep a copy of this catalog on file for instant reference.

Radio Building Parts Kits

We specialize in serving radio classes and clubs with matched kits of parts. We furnish free parts lists for building any radio circuit. We will be glad to send quantities of free parts lists, estimating literature and additional catalogs upon request.

Solve Your Screen Problem with the CHALLENGER!

• Stands on Its Own

The Da-Lite Challenger Screen has the tripod permanently attached to the metal tube case in which the screen is mounted. Stands anywhere. Ends bother of clearing desk or table for a place to set the screen.

• Simple to Set-up

- A. Open legs on floor!
- B. Swing screen to horizontal!
- C. Lift screen to height desired!

• Adjusts to Any Height

Spring locks on supporting rod permit adjustment to any height.

• Gives New Realism to Your Pictures

Unless otherwise specified, the Challenger is finished with the famous Da-Lite Beaded surface, which brings new sharpness, depth and brilliance to movies.

The Challenger (including the Standard and DeLuxe models) is made in six sizes, from 30" x 40" up to and including 70" x 94". Larger models have crank-lift. The Challenger is only one of a complete line of Da-Lite portable screens. Ask your dealer or write us for full details!

STATUARY

Statuary furnishes educational and illustrative material for several departments, from ancient history to art, and it serves a practical use when given to the school as a memorial from classes and organizations. Very good reproductions of well known "originals" are furnished in marble, bronze, or composition. When determining the material from which the statue shall be made, purchasers should consider the usage to which it will be put, whether it will be a feature of the exterior or interior of the school building, and whether it will be used as subject matter for art or other classes.

STEREOPTICONS

A double projection lantern, the objective tubes of which can be focused on the same part of a screen. One image after another may be brought on the screen by the alternate use of the lanterns, which gives the effect of one picture appearing to dissolve gradually into another. See, also, Projecting Lanterns.

TAPES, MEASURING

Used for measuring distances, usually from 20 to 50 feet long and marked with subdivisions of length in feet and inches. They are commonly of linen or flexible metal, and attached to an axle in a round flat case of pocket size in which it is wound up into a coil when not in use.

Dietzgen Co., Eugene, Chicago, New York, San Francisco, New Orleans.
See announcement on page 977

TEACHERS' AGENCIES

The reliable teachers' agency offers a genuine service to teachers, and to school boards and school officials, by recommending suitable teachers for suitable positions. The agency collects definite and reliable information with reference to the character, training, personality, experience and professional spirit of each candidate. This information is presented in convenient form for the inspection of school officials.

WASTE BASKETS

School equipment and furnishings naturally receive hard usage, and the waste basket probably suffers most of all. They should therefore be made of wear-resisting material, and constructed to withstand the hardest usage. Wire, steel, vulcanized fibre, and like materials are used.

National Vulcanized Fibre Co.,
Wilmington, Del.

WASTE PAPER BUYERS

Every school accumulates large quantities of waste paper which may be profitably baled and sold. See, also, Paper Balers.

WATER COLORS

Permanence of hue, evenness of texture, and smoothness in application on paper are some of the qualities essential for

TRADE INDEX

good water colors. They are furnished for school use in either the cake form, or the tube containers. See, also, Art Materials; also, Drawing Materials.

Model F for projecting Filmslides**

FILMSLIDES

THE PERFECT COMPLEMENT TO MOTION PICTURES

The Economy, the Convenience and the Immediate Availability of a FILMSLIDE from the permanent Library in your own School makes it the Ideal Teaching Aid.

Filmslides are available covering every course—many of them visualizing exactly the same period of History, for instance, as certain Motion Pictures. The daily use of FILMSLIDES therefore and the weekly showing of motion films for summary or review purposes, constitute a perfect complement one to the other. New 1938 Pictural Projector and FILMSLIDE catalogs now available—write for your copy.

See announcement on page 1041

WINDOW SHADES

In the lighting of the schoolroom, much care should be exercised in the control of daylight through the use of proper shades. Shade cloth should be used which will tone the light to give eye-comfort, and bar out injurious glare. A good shade cloth will not crack, wrinkle, or show pin holes with usage.

- Aeroshade Company

The Victor Interval Timer

measures any interval of time from
15 seconds to 2 hours

Warns "TIME IS UP"

DOMESTIC SCIENCE—CHEMISTRY—PHYSICS—ALL
LABORATORY CLASSES WHERE CORRECT TIME
ALLOTMENT IS AN IMPORTANT FACTOR, FIND
THIS TIMER A NECESSITY

The Santa Rosa High School says:

"The Interval Timer which we received from you recently is more than you claim for it. We use it several periods a day for our typing students and the teachers are enthusiastic in praising it—emphasizing particularly the freedom it allows them to carry on their other work while the classes are pursuing the five, ten, and fifteen-minute tests. We can't understand how we got along without it thus far."

NOT A CLOCK—The mechanism is designed solely for the purpose of measuring any given time period within the range of 15 seconds to 2 hours, and sounds alarm at the expiration of that interval. The absence of complicated gears results in simplicity and sturdiness.

WHAT IS IT WORTH TO YOU..

TO know that the stage requirements of your auditorium will be thoroughly understood; that the same genius which created practically all the outstanding developments in stage equipment and rigging during the last quarter of a century is applied to the problem of originating equipment for your individual stage.

AND to know also that all equipment installed is guaranteed and will maintain its initial efficiency throughout the period of its use.

THE value of such service cannot be measured or compared. Yet, it costs nothing. For in PETER CLARK, INC., installations you pay only for the equipment and the cost of installing it.

PRODUCTS: Complete Stage Rigging for Schools, Colleges, Auditoriums; Stage Hardware; Asbestos, Fire and Sound-proof Curtains; Draw Curtain Tracks; Electric Curtain Machines; Portable Motion Picture Booths; Portable Bleachers; Sectional Grandstands; Stage Draperies and Curtains.

Send for Circular D-3

Jacobsen 4-Acre Power Lawn Mower

Beautiful School Lawns At Lower Cost

WELL kept school lawns, buildings and equipment are important in moulding the ideals and habits of the student. There is a Jacobsen model for every lawn, large or small.

The Jacobsen 4-Acre Heavy Duty Mower is used by the largest colleges and universities. With or without riding sulky it will cover more ground per day than any other mower of same size, and with a lower upkeep cost than any other walking-type power mower. It has a 24-inch reel, an enclosed gear drive, auto-type differential, separate clutch control

of traction and cutting unit, self-sharpening reel and other outstanding refinements. A Sickle-Bar clipping attachment may be had which clips dandelions and other weeds at the same time the lawn is mowed.

The "Junior" Power Mower is a quality Jacobsen Product with a 19-inch cutting reel. Suitable for moderately large lawns—particularly efficient on terraces.

FREE Demonstrations

A trial demonstration given on request, without obligation.

Write for free book, "Lawns Beautiful."

Consider these exquisite matters

WONDROUS fruits, tender as rose petals — fruits plucked at the precise moment in which they attain their dew dappled perfection. Sealed in their neat containers in bright clear syrups without loss of even a whisper of their field-fresh flavor.

Such are Richelieu and Ferndell and Batavia fruits—selected and prepared to epicurean standards and priced to average pocketbooks.

Vegetables saturated with the freshness of fragrant fields

at dawn, with flavors that send little ripples of “Oohs” and “Ahs” coursing around the dinner table—so incomparably fine that we contemplate them with reverence.

You will find more than 500 different Richelieu and Ferndell and Batavia foods—each one identical, no matter which label you buy them under. Each one prepared from our own special recipes, using only the very finest varieties of each fruit and vegetable and ingredient.

Sprague, Warner & Company

150 Pounds
Pressure

CRANE VALVES

2500 Pounds
Pressure

School men should consider pennies by saving vs. dollars by economy

It is shortsighted to lavish equipment on one department at the expense of another. But how much economy will plumbing and heating stand? Certainly by purchasing inferior materials efficiency is not only lowered, but the health of children is endangered. Then, too, it is an experiment that is paid for by increased maintenances, costly repairs and expensive replacements.

Crane engineers have studied this problem. They are prepared to offer a solution to it . . . to lower the cost of plumbing and heating systems without endangering either efficiency or the building budget. Already they have done it for numberless schools throughout the country. If you will drop into the nearest Crane Exhibit Rooms, you will be shown how they can do it for you.
